

LANDING LEGS

The range of AL-KO Landing Legs are ideal for stabilising plant trailers, camper trailers, 5th wheeler caravans and agricultural equipment, the AL-KO Landing Leg is a necessary inclusion to the toolkit of the commercial contractor, farmer and camping enthusiast alike. All bases are covered with the AL-KO range of Landing Legs, with static loads ranging from 1,300 to 4,500kg.

The standard plant trailer right up to a fully loaded water tank is easily stabilised into position with the side wind operation. Flexibility is a major feature of the AL-KO Landing Leg range. The customer can choose to include or exclude tube mounting kits.-

The AL-KO Landing Leg is your ideal choice when looking to safely and efficiently stabilise your trailer, camper, 5th wheeler caravan or agricultural machinery.
