

PREMIUM AUTO RETRACT JOCKEY WHEEL

622800
code: JWA800

Description

The AL-KO Premium 10" Auto Retract Jockey Wheels for heavier applications. Winding the handle automatically retracts the wheel and fork to a travelling position.

Specifications

Wheel Size (D):	260mm dia.
Mounting:	Weld or Bolt
Static Capacity:	800 kg
Mounting Detail:	50mm x 70mm
Tube O.D.:	73.5mm
Closed :	840mm
Open :	975mm
Weight:	15 kg

Folding Handle

Folding handle minimises the intrusion on space that can be caused by static handles. Only available on 622800.

Retracting Wheel

When the handle is actuated the wheel is retracted through the yoke mechanism eliminating the need to swivel.
