

WATER TANK KITS

All AL-KO water tanks kits are aimed at optimal peace of mind for valuable water storage.

All AL-KO water tanks and fittings are manufactured from food grade materials. Design considerations towards optimised strength, minimise “slosh” as well easy to install components with a reliable water tight seal.

For a total supply solution to water tank installation, select a kit from the listings below to suit your needs.

Further information on fittings can be referenced in the water tank accessories section on page 9 of this guide for clearer identification.

7WT62LT10MM

Ref. **680150K**

AL-KO 62 Litre Fresh Water Tank Kit. Inc 10mm, 13mm & 25mm Barb fittings.

Kit Includes

Part No.	Ref.	QTY
7WT62LT	680150	1
